

Web Technologies Lab

Lab 08**Marks 100****Instructions**

Work on this lab individually.

You are **NOT** allowed to use the internet, or mobile phone.

You are **NOT** allowed to borrow anything from your peer student.

What you have to do

Program the following tasks. The name of your files will be according to the task given in this lab.

Task 1**[100]**

You are tasked with creating a simple HTML-only webpage for a school. The page should include:

1. A student registration form
2. A grade table listing students and their marks

Requirements:**1. Part 1: Student Registration Form**

Create a form that collects the following information:

- Full Name (text input)
- Roll Number (number input)
- Gender (radio buttons)
- Department (dropdown/select)
- Subjects Enrolled (checkboxes for multiple subjects)
- Email (email input)
- Submit and Reset buttons

2. Part 2: Student Grades Table

Below the form, create a table displaying student grades in this format:

Roll No	Name	Subject 1	Subject 2	Subject 3	Average
101	Ali Ahmed	85	90	88	87.6
102	Sara Khan	78	82	80	80

3. Bonus (Optional):

- Add **CSS** to style the form and table.
- Add placeholder text in the form inputs
